

Children's Safe Travel to School

After reviewing the safety of our children going to school we've come up with 4 key guidelines to keep them safe

Drive clockwise

And give way to oncoming families on bicycles

Don't park on bends outside school

Otherwise the next driver can't see oncoming bicycles

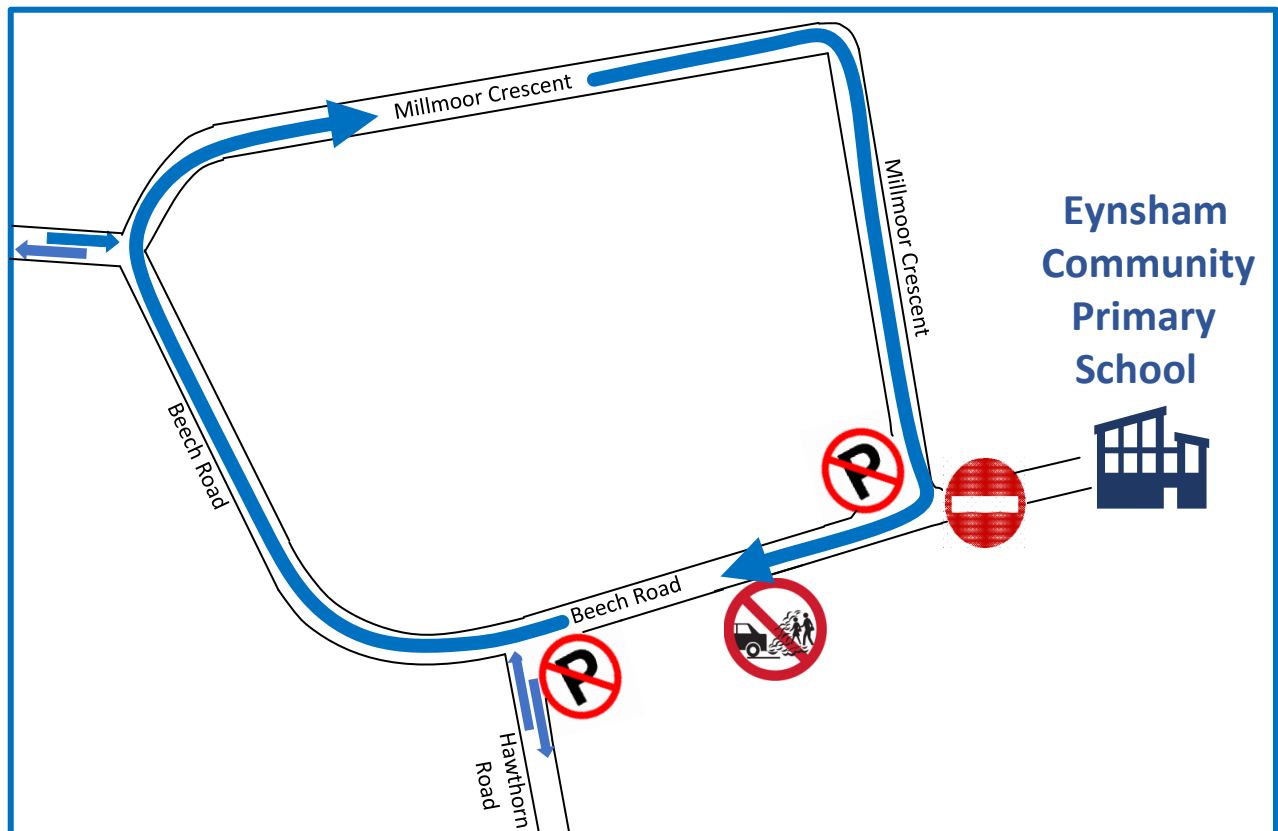

Don't enter the school "driveway"

It's hard to reverse out safely

Turn off your engine

Engine idling impacts children's health and is against the law
